

CELEBRATION™

SPOT-ON

**KILLS & REPELS FLIES, MOSQUITOES,
GNATS and TICKS on HORSES**

Kills and Repels:

- Horse Flies, Horn Flies, Face Flies, Stable Flies, House Flies, Black Flies and Deer Flies for up to Two Weeks.
- Gnats for up to Two Weeks.
- Mosquitoes for up to Two Weeks.
Mosquitoes are known to transmit West Nile virus to horses.
- Ticks on Horses.
Ticks are known to transmit Lyme disease, anemia, tick paralysis, babesiosis and granulocytic ehrlichiosis to horses.

Celebration Spot-On Benefits:

- New more effective, gentler formula
- Most complete protection available for horses
- Water- and perspiration-resistant
- Each box provides up to six (6) weeks of protection
- Protects horses both day and night (when gnats and mosquitoes feed most often)
- Easy-to-use, no-spill applicator with resealable cap
- Can be used with any Permethrin-based fly spray for horses
- Attractive, space-saving 12-count shelf display
